Cell Culture/Viral Vector Request Form

PI Approval: _____ Account #: 0200 _____

Contact Information:

Date Ordered: __/__/____ Date Wanted: __/__/____ Date Completed: __/__/____

Name: _____ VM Ext.: _____

E-mail: _____

Principle Investigator Lab: _____

Cell or Virus Identity: _____

Description: _____

Seedstock provided by requestor? ___Yes ___No

(Requestor MUST provide recommendation on cell line to use for all viral preps and titrations).

Service Requested:**Service Fee:****MMCRI****Non-MMCRI****Adenovirus Production (>2x10¹² purified vp)**

<input type="checkbox"/> Transfection through large scale purification	\$250	\$375
<input type="checkbox"/> Seed Virus provided by PI, large scale purification	\$175	\$300
<input type="checkbox"/> Viral Cell Pellet provided by PI, virus purification	\$90	\$175
<input type="checkbox"/> TCID50 Titration of Adenovirus	\$50	\$85

<input type="checkbox"/> Retrovirus Production (2x10cm / transfection, harvest, aliquot)	\$90	\$125
<input type="checkbox"/> Retrovirus (large scale 6x10cm / transfection, harvest, aliquot)	\$300	\$400
<input type="checkbox"/> Lentivirus Production (1-2x10cm transfection + harvest)	\$120	\$150
<input type="checkbox"/> Lentivirus Production (1-2x10cm transfection + harvest+conc.)	\$150	\$200
<input type="checkbox"/> Lentivirus (large scale 6x10cm transfection+ harvest+ conc.)	\$400	\$500

Cells Requested: Cell Lines available in stock (Cell Type: _____) \$25/T25 flask \$45/T25 flask**Comments or Additional Information:**
